WHY CHOOSE THE TOMORROW FUND?

Your reason for giving is as unique as you are.

Some people choose to give because they feel a sense of gratitude for the success they've enjoyed in life. Others give to help build a better, healthier community for the next generation.

Giving sometimes celebrates a life, supports a passion, or contributes to solving a problem.

Many Tomorrow Fund donors give to establish a personal and family legacy, and feel comforted and proud to make a gift that lasts and will continue to give beyond their lifetime
